# Introduction to the BESTÅ storage system

---

Our BESTÅ series offers contemporary, high quality storage with the possibility to design and adapt a solution according to your own taste, space and needs. BESTÅ makes a good home for your TV; it's great for storing like toys, games and photo albums; and it can serve as a display cabinet, to show your most beloved objects.

A BESTÅ solution can start as a simple unit with enough storage for a limited space and can grow and adapt as

your needs change - whether you are moving to a new home or your family is getting bigger. Best of all, you can create your own personal expression by choosing from a wide range of fronts in different colours and finishes, and personalise them even more with knobs or handles, top panels or legs.

Wherever you have storage needs BESTÅ can help you out. And if you choose BESTÅ in several areas of the home, you get a beautifully coordinated look.

BESTÅ media storage makes a great hub for your TV and everything from gaming equipment to charges, cables, remote controls, board games and toys. If floor space is limited, you can maximise the use of your wall space with BESTÅ.

A solution for both storing and displaying comes in handy next to the dining area. You can store things like napkins and placemats in the spacious drawers and show your finest glassware behind glass doors. If you mount lighting inside, it will add to the atmosphere in the room.

# TV benches and media storage solutions

---

Without the clutter, you can focus on the entertainment

BESTÅ makes your life around the TV more fun and relaxing. It puts your TV at the centre of attention and hides all the messy techy stuff. With BESTÅ, it's easy to make a place for everything and get the room organised – saying good-bye to clutter and hello to calming closed doors and a tidier home.

With BESTÅ, cables are fed discreetly through the outlets at the back of the TV bench. They stay hidden but are easy to access whether your BESTÅ solution is on legs or wall-mounted.

Glass doors will keep your equipment free from dust, and no worries – the remote control will work through the glass.

The LED strip light inside the drawer turns on automatically when you open it, so there's no need to turn on the ceiling lamps when looking for something inside the drawer.

The shelves are adjustable so you adapt the storage to your needs. Storage for toys at child height makes it easier for them to access their toys – and to put them back when they are finished playing.

Cabinet lighting makes it easier to find your things. It also adds atmosphere and is a good way to ease the contrast between the light coming from the TV and the darker light in the room.

BESTÅ drawers are big enough to accommodate even the smallest family members. Depending on the style you like, you can choose to open your drawers with knobs or handles or by using a push-open function.

## TV benches

It's not only the TV that's smart! BESTÅ TV benches combine contemporary good looks with practical function. You get lots of storage space and relief from cables that tend to get messy and gather dust.

# Storage solutions

---

## Out of sight or up close and personal?

Things that tend to get cluttered can go straight into the spacious drawers or cabinets where they are out of sight while your favourite objects can be showcased either behind glass doors or on the surface on top

of the cabinet. A storage-and-display solution is both practical and tells a story about yourself.

The shelves can be adjusted to accommodate the things you need to store.

Add warmth and personality to your room with a creative display on top of your storage solution.

Discreet integrated lighting adds sparkle to your crystal and spreads a pleasant light into the room. In glass door cabinets with lighting, we recommend using glass shelves to allow the light to shine through to the bottom shelf of the cabinet.

You don't have to disturb the ambience by turning on the ceiling light to look for things. The LED light strip illuminates when you open the drawer, making it easier to find things inside.

## Storage solutions

BESTÅ lets you go for the function and style you want. You can choose high, low or wall-mounted combinations. You can create a statement piece or keep it subtle with space for displaying cherished objects – giving them the attention they deserve.

# TV benches and frames

We have a wide selection of BESTÅ TV bench frames and other frames. Some are designed to stand on the floor, while others can be placed either on floor or wall mounted - just as you like. All TV bench frames have outlets for cables to keep them neat and organised. If you grow out of your storage, you can simply add frames to your BESTÅ combination to create any shape or size you want.

## Good to know

This furniture must be fixed to the wall with the enclosed wall fastener if placed on the floor. Different wall materials require different types of fixing devices. Use fixing devices suitable for the walls in your home, sold separately.

## Floor-standing TV bench frames

### BESTÅ TV bench frame, W120×D40×H64 cm.

## How to mount a TV bench on the wall

Fittings for wall mounting are included in the package. In order to hang your TV bench on the wall simply follow the assembly instructions.

Fixing devices for the wall are not included since different wall materials require different types of fixing devices. Use fixing devices suitable for the walls in your home.

For advice on suitable fixing systems, contact your local specialized dealer.

**NOTE! Fittings for wall mounting are included in the package.**

## Cable management

---

BESTÅ takes care of messy and ugly cables. Outlets at the back of the TV bench keep them out of sight but simple to access. The outlet at the top makes it easy to let cables run down, even if the TV bench is mounted on the wall.

## UPPLEVA TV brackets and cable cover strip

---

UPPLEVA TV brackets can be both fixed and angled for change of viewing position, and easy access to cables and connections. They have integrated cable

management so you can easily gather and conceal wires for a neater TV solution.

## How to mount a frame on the wall

You will need a suspension rail to mount BESTÅ frames on a wall. The suspension rail works as a reinforcement and makes it both easier and safer to mount the BESTÅ frame to the wall. The rail screws into the wall studs and has many holes so there's always a hole over a stud.

You can easily hang several frames next to each other and align them at exactly the same height thanks to the included connector.

Ensure that you have a minimum of 5 cm between the top of the frame and the ceiling. This is needed to be able to mount the frame to the suspension rail.

**BESTÅ suspension rail**, silver-colour. 60 cm wide frames require 1 BESTÅ suspension rail. 120 cm wide frames require 2 BESTÅ suspension rails. The suspension rail cannot be used with BESTÅ TV benches. Ensure that you have a minimum of 5 cm between the top of the frame and the ceiling. This is needed to be able to mount the frame to the suspension rail. BESTÅ suspension rail is included in all wall-mounted combinations.

# Functional interiors

Put the inside to work for you. Shelves, drawers and drawer runners help you to customise your BESTÅ combination perfectly according to what you need to store - from the smallest collectibles or memorabilia to larger games or toys.

## Shelves

Shelves come in two depths and three colours, so you can colour coordinate them with your frames. We have glass shelves, too. You can adjust the height of your shelves to suit your needs.

## Drawer runners

**Push-open.** The drawer runners have integrated push openers, so you don't need handles or knobs and can open the door with just a light push.

2-pack	803.487.18	<b>\$10</b>
--------	------------	-------------

### Good to know

The push-open function requires a space between the frame and the drawer front to allow the drawer to be pushed to open. The small gap is necessary to allow this function and is not a product deviation.

**Soft-closing.** The drawer runners make the drawer close silently and softly. To be completed with knobs or handles.

2-pack	203.487.16	<b>\$10</b>
--------	------------	-------------

### Good to know

If you choose the soft closing function for your BESTÅ, we recommend complementing the fronts with knobs/handles to make the drawers more convenient to open.

Don't want handles or knobs? Then we recommend you choose drawer runners with a push-open function, which opens the drawers with just a light push.

Prefer knobs or handles? Then we recommend you choose the soft-closing drawer runners. These work best with knobs or handles and make the drawers close slowly, silently and softly.

# Doors and drawers fronts

Find your style! There's a wide selection of doors and drawer fronts to choose from, whether the look you love is matte or high-gloss, wood or colourful, bold or discreet. All can be complemented with your choice of knobs or handles.

## Mounting information

**Door front:** to be completed with BESTÅ hinges, 1 pack, sold separately.

**Door/drawer front:** may be used as a door or as a drawer front. To be completed with BESTÅ hinges, 1 pack or with BESTÅ drawer frame W60×D40×H25 cm and BESTÅ drawer runner, sold separately.

**Drawer front:** to be completed with BESTÅ drawer front W60×D40×H15 cm and BESTÅ drawer runner, sold separately.

**BESTÅ soft-closing/push-open hinge.** You can choose to use either the soft-closing or push-open function. With the push-opener you don't need knobs or handles and can open the door with a light push. With the soft-closing function your doors close silently and softly.

**Door front:** to be completed with BESTÅ hinges, 1 pack, sold separately.

#### BESTÅ soft-closing/push-open hinge.

You can choose to use either the soft-closing or push-open function. With the push-opener you don't need knobs or handles and can open the door with a light push. With the soft-closing function your doors close silently and softly.

2-pack 602.612.59 **\$10**

#### Good to know

Tempered glass should be handled with care. A damaged edge or scratched surface can cause the glass to suddenly crack and/or break. Avoid collisions from the side - this is where the glass is most vulnerable.

### Good to know

120 cm wide frames and TV benches need 4 legs and 1 BESTÅ supporting leg. 180 cm wide TV benches need 4 legs and 2 BESTÅ supporting legs.

With your choice of legs, you can enhance your BESTÅ combination so it matches your taste and style of furniture in the room.

# Lighting

---

## Conventional or connected IKEA smart lighting?

Good lighting makes life easier and helps you set the right mood. The options here are made for BESTÅ. They let you light up your favourite pictures and collections, and enjoy the cosy reflected light. And of course lighting makes finding things easier, on shelves or even inside cabinets. The TRÅDFRI LED driver makes VAXMYRA, NORRFLY, LINDSHULT and URSHULT smart and gives

them the ability to be wirelessly dimmed with the TRÅDFRI remote control and to be connected to the TRÅDFRI gateway. When connected to the gateway, you can control your lighting via the IKEA Home smart app through your phone or your virtual assistant like Apple HomeKit, Amazon Alexa or Google Home.

## Inside the cabinet

There are two possibilities, according to your needs. You can choose VAXMYRA spotlights or NORRFLY LED lighting strip 55 cm.

**VAXMYRA LED spotlight 2 pcs, Ø6.8cm.** The VAXMYRA spotlights brighten up the inside of your cabinet. Easy to install on glass or metal because of the included adhesive tape or integrate them into wooden shelves. LED driver is sold separately. For more information about the drivers, see next page. Dimmable with TRÅDFRI remote control and TRÅDFRI gateway, sold separately.

Aluminium-colour	304.218.86	<b>\$16.90</b>
Black	004.218.78	<b>\$16.90</b>
White	104.218.68	<b>\$16.90</b>

**NORRFLY LED lighting strip.** Aluminium-colour. NORRFLY has a motion sensor, so that the light turns on and off automatically as you open and close a cabinet. LED driver is sold separately. For more information about the drivers, see next page. Dimmable with TRÅDFRI remote control and TRÅDFRI gateway, sold separately.

55 cm	403.322.53	<b>\$29.90</b>
-------	------------	----------------

## On top of the cabinet

You can choose between URSHULT and LINDSHULT cabinet lighting, that will provide a nice mood light and make it easier to find your things.

**URSHULT LED cabinet lighting.** Provides a focused light that is good for lighting smaller areas. LED driver is sold separately. For more information about the drivers, see next page. Dimmable with TRÅDFRI remote control and TRÅDFRI gateway, sold separately.

Nickel-plated	302.604.02	<b>\$29.90</b>

## For drawers

The best solution is STÖTTA LED lighting strip (32 or 52 cm). It will nicely illuminate the things you have inside and it is battery operated.

**STÖTTA LED lighting strip**, battery-operated, white. The light switches on and off automatically when you open or close the drawer, so no energy is wasted. Batteries are sold separately; 4 pcs AA required. IKEA recommends LADDA rechargeable batteries.

# Sound

## SYMFONISK WiFi speakers

Sound is a mood booster and brings people together, just like light. And both sound and light are outstanding when it comes to creating the right atmosphere. These speakers are a collaboration between IKEA and Sonos, so it easily integrates with other products from Sonos. If you want stereo sound,

you can buy two identical speakers. You can also use two identical speakers as rear speakers for a Sonos home theatre system.

SONOS

**SYMFONISK lamp with WiFi speaker.** Speaker and lamp in one, so that your technology blends into your home. Also helps you save space, for example on a bedside table or side table, while providing a vibrant sound that fills the entire room.

# Boxes and dividers

---

## Adding organisation and style on the inside

Organising the inside of your storage with boxes and dividers keeps things tidy and makes it easy to find what you've stored. BESTÅ boxes are great for anything from remote controls and DVDs, to toys or hobby items. Their cut-out handles make them very easy to lift out. KUGGIS and TJENA boxes come with lids and help you store everything from pens, papers, desk

accessories and gaming equipment to USB sticks and cables. KUGGIS has an insert which you can put inside the biggest KUGGIS box or just use on its own. The sizes in KUGGIS are designed to stack on top of each other, so you can easily combine different sizes for different needs. And it's the same for TJENA boxes, too!

# Personalise your BESTÅ with the planning tool

By using the BESTÅ storage planner, you can customise one of the pre-designed BESTÅ combinations or create one that is all your own!

The planner allows you to play around with frames, doors, shelves, knobs, colours etc to create the perfect storage and media solution that fits your specific needs and taste.

When you are ready with your BESTÅ combination, the planner helps you to calculate the price and allows you to print or save list of products that you can bring to your IKEA store or use to buy the products online.

In the BESTÅ area of the IKEA store you will find planning stations where you can use the BESTÅ storage planner. Or visit the BESTÅ storage planner online at [www.IKEA.sg/planners](http://www.IKEA.sg/planners).

You'll have interactive access to our products, so you can search, compare, plan, save favourites and make purchases at your pace, all in one place.

# You can do it all yourself but you don't have to

Sometimes a little help is all you need to turn a dream into reality. Which is why we offer a wide range of services to help you along the way. Maybe you just need a little help, or perhaps someone to do the whole job for you. Either way we're here to help, and are happy to put together a service package that's just right for you. Of course, the more you do yourself, the lower the price will be. And the more you ask us to do for you, the more you can sit back and relax.

Here are some of the services in your local store, if you need an extra hand.

## **Picking with delivery**

We collect the items on your shopping list and deliver them to your home or business.

## **Assembly**

Our service provider can assemble your products and take away the packaging.

For more details about our services, talk to a co-worker at the IKEA store or visit us at [IKEA.sg/services](https://www.ikea.sg/services).
